## NEWS AND VIEWS . . .

### And What Have You By BOB CRAIG

It looks like a little progress is being made in the direction of some kind of summer program for the young people of Hamlin. Jan Albritton is trying to work up a summer musical production that would involve both boys and girls in the sixth and seventh grade.

And some of the coaches have volunteered some of their Saturdays to take as many kids as are interested to area track meets. These are for both boys and girls and have divisions for all ages.

Anyone interested in going to a meet in Abilene Saturday is urged to contact one of the coaches.

With a little luck we will get something started this summer and be able to come up with a full program next year.

We have no idea as to how many of our readers own or even ride in boats, but we suspect that it is a greater number than most would realize. We say this because the state-wide use of boats is showing a tremendous growth.

Nearly a quarter of a million pleasure boats were registered in Texas this year. And with this number of boats also comes a number of problems.

Texas now ranks second in the nation in the number of fatalities that occur as the result of boating accidents. Only California has a worse record.

Last year alone there were 204 boating accidents in which 99 persons were killed.

Through May of this year there were already 88 boating accidents in which 27 persons lost their lives.

The Texas Safety Association has come up with a set of basic rules that if followed would make for a safer and more pleasurable boating season. But all of these rules can be summed up in three words "Always be careful."

1. Always provide required life saving equipment for boats. Under state law there must be an approved flotation device for every person aboard.

2. Be prepared to fight fires. State law also requires each powered boat to be equipped with a fire extinguisher.

3. Take no chances with rough weather. Respect wind and storm warnings. The best policy is to stay ashore if bad weather threatens. If caught out in rough weather, don't life saving devices, head for the nearest sheltered shore, and above all keep calm.

4. Always observe the capacity rating of the boat. Overloading creates a greater danger of capsizing.

5. When waterskiing, consideration for others is a must. Don't speed past anchored or docked boats. While towing a skier there must be at least two responsible people in the boat, a pilot and an observer who can watch the skier. Never water ski at dusk or after dark.

6. If your boat capsizes or is swamped, stay with the craft. Help is usually not long in coming.

7. Keep boats clean at all times. Oil soaked rags and waste should not be kept on board, as they increase the dangers of fires.

8. Always stay seated in small boats. Persons standing in small boats change the center of gravity and reduce stability.

9. Know the distress signals. By day, in a small boat, signal distress by slowly raising and lowering outstretched arms. On larger craft, give four blasts on the horn, fly the National Ensign upside down, or use smoke. By night, flash lights, flares, rockets, or controlled fire should be used to signal problems.

10. If you are involved in a collision, or are nearby when a collision occurs, standby and render assistance.

AT LIONS LADIES NIGHT BANQUET—Lloyd Neelley, left, Lions Club Governor for District 2E-1, installing officer for the local club, congratulates Arlie Cassle, retiring president, on his appointment as Zone 12 chairman. Ray Sonnenburg, center, was installed as the new president at the banquet held Tuesday evening in the high school cafeteria.

## Clown Captures Show At All Three Performances of Rodeo

Ralph "Fizzle" Fisher of Houston proved to be a real crowd pleaser with his clowning antics during the Hamlin Riding Club Amateur Rodeo staged Thursday, Friday and Saturday nights.

Georgia Deaton, 15-year old daughter of Mr. and Mrs. George Deaton, was named Rodeo Queen at the final performance. Runner-up was Retha Pritchard, 14-year old daughter of Mr. and Mrs. L. Roy Pritchard. Second runner-up was Mignon Williams, 13, daughter of Mr. and Mrs. Jackie Williams.

Receiving trophies for their performance in the opening parade at 4 p.m. Thursday were Fisher County Sheriff's Posse, first; Stamford Junior Sheriff's Posse, second and

## Summer Musical For Young People Being Planned

Jan Albritton, a recent graduate of Baylor University, is making plans for a local production of "You're a Good Man, Charlie Brown" using boys and girls who will be in the sixth and seventh grades in the fall.

All youngsters interested in taking part in the musical are asked to be at the high school cafeteria Friday at 10 a.m. Practice sessions are tentatively set for Tuesday, Wednesday and Thursday, Miss Albritton said.

The version to be presented has been shortened from the Broadway production. Based on the comic strip "Peanuts" by Charlie Schulz,

## City to Extend Trash Pickup If Requested

The Hamlin City Council has voted to extend the city's trash pickup service to all residents within the city limits, according to H. W. Madden, mayor.

A majority of customers in each area must request this service before the city will extend it. Those desiring it are requested to go by the city hall and register.

The monthly charge for this service is \$2.00 per one family residence, with additional charges for any type of business.

## Junior, Senior Baseball Teams Set Fund Drive

The Southern Cotton Belt Junior and Senior Baseball teams will conduct a fund drive here tonight (Thursday) to collect money for the local program.

The boys will be collecting in the residential section and will also be contacting the businesses.

Money collected will be used to help pay for equipment, lights and new uniforms.

Boys participating in the junior league are from 13 to 15. Senior league players are boys from 16 to 18.

## Final Series of Swim Lessons To Start Monday

The last series of swimming lessons at the Hamlin Foundation Swimming Pool will begin Monday, according to Dan Truelove, manager.

Those interested in the lessons need to sign up or call the pool at 576-3303 by Saturday.

## Hamlin FHA Girls To Sell U.S. Flags

Officers of the Hamlin Future Homemakers of America voted Tuesday to sell the United States flag to the public.

The girls will be selling the 3 x 5 flag for \$5.00. The kit comes complete with metal pole with an eagle emblem on the end, halyard and bracket for mounting.

Orders will be taken this week and delivery will be made before July 4. Orders may be placed with Karen Jackson, 576-3077; Kathy Ponder, 576-3079; or Jeanie Ferguson, 576-2523.

## Seeking Clothes

The State Welfare Department of Jones County is seeking used clothing items, according to Sam W. Faris, caseworker.

Those desiring to donate clothing are asked to contact Mr. Faris at Box 31, Anson, Texas. The need is greatest for children's clothing.

## Jaycee-ette Festival Planned Saturday

Forty-nine girls will be competing for titles in four divisions in the Saturday evening beauty pageant staged by the Hamlin Jaycee-ettes during the Summer Festival.

The evening of activity will begin at 6 p.m. in Piper Stadium. Booths will be set up for entertainment. Included will be a cake walk, dart throw, fortune telling and concessions featuring water-slices.

Friday the party for "Junior Miss" entrants will be held from 4 to 5 p.m. The "Miss Pied Piper" entries will meet from 5:30 to 6:30 p.m.

Brief rehearsals will be held at the Coke parties. Full rehearsal is set for Saturday morning.

Mrs. Jerry Smith is general chairman.

## Oral Polio Vaccine Drive Set July 2

The Hamlin Board of Community Development under the direction of the education and health committee will sponsor an Oral Polio Vaccine drive July 2 from 1 to 5 p.m. in the high school cafeteria.

A recent outbreak of polio in the state points up to the fact that many persons are not being immunized against the disease.

Citizens are being urged to take advantage of the free immunization for their children. Adults will be asked to give a donation.

Children age three months to 16 years must be accompanied by their parents or have written permission from their parents.

John H. Black of Abilene, a representative of the state health department will assist with the drive.

The dosage will be taken on sugar cubes.

The second dose will be given Sept. 1 for those who take their first dose July 2.

Members of the committee working on the project are Marvin Carlton, I. J. Starr and Mrs. W. W. Wallace. Volunteers who can help with the registration, accept donations and assist in other ways may contact one of these persons.

Only 1500 doses have been ordered.

The last mass immunization campaign was held here by the Parent-Teachers Association Mar. 3, 1968.

Dr. E. D. Perrin, public health officer here, recommends that infants less than one year of age get two immunizations two months apart, then both should be repeated later. For older youth and adults, he says a booster should be taken every 2 1/2 to 4 years. When threat of an outbreak develops he recommends a booster in two years.

## Milburn Wink Is Preparing Teaching Materials At Texas A&M

Milburn Wink, teacher of vocational agriculture at Hamlin High School, is one of nine vocational agriculture teachers selected in Texas to prepare teaching materials at the Teaching Materials Center, Texas A&M University, June 8-26, 1970.

Selection of these nine teachers was based on the recommendations of supervisors of vocational agriculture and the teacher's knowledge in the subject in which he was requested to prepare.

Wink, being assisted by Chester Boyd, teacher of vocational agriculture at Lewisville High School, and Ernest Holman, teacher of vocational agriculture at Rains High School, is developing a study

guide for students enrolled in Cooperative Part-time Training in Agriculture as crop employees. These materials will be made available to all vocational agriculture teachers of Cooperative Part-time Training in Texas.

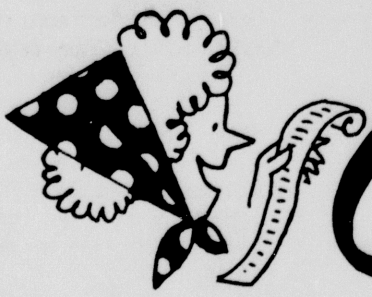

Being a comparatively new type of training in vocational agriculture, Cooperative Part-time training was first offered in 1966. Students spend one hour each school day in class receiving instructions related to the agricultural occupation for which they are training, and three hours at an agricultural business within the community. They are also enrolled in other school courses.

PREPARE TEACHING MATERIALS—Milburn Wink, left, Hamlin High School vocational agriculture teacher, Ernest Holman, Rains High School; and Chester Boyd, Lewisville High School are among the nine vocational agriculture teachers selected in Texas to prepare teaching materials June 8-26 at Texas A&M University.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO  
(June 26, 1925)

Just after noon Monday the people of the north end of Central Avenue were almost shocked by the flash of an automobile, and only the keenest eye could catch the words "Barrow Furniture Co." It was the new ambulance of the company at Stamford. It was driven by Mack Kennedy and was headed for Sweetwater on a hurry call. He took the road from Stamford to Hamlin at 80 miles per—it is said, and all who saw him go down the paved Hamlin street called it 90 per. Guess he soon landed in Sweetwater. The reason for the call was not learned. The ambulance has right to all speeds and either side of the road.

The Herald is requested to run the following notice this week and next as advance information that the public will not be inconvenienced by coming to town to trade and find certain stores closed.

The following stores and banks will be closed all day July 4th. They urge the buying public to make their purchases on Friday, July 3rd, as their stores will not be opened on July 4th.

Nobles-Bros.-Wood, Co., York's Variety Store, Hamlin Dry Goods Co., Workman Dry Goods Co., W. W. Green Dry Goods, Denton Bros. & Company, Strauss Dry Goods Co., Barrow Furniture Company, The Grey Shop, F & M National Bank, D. J. Payne, Jones Dry Goods, Wall-Young Co., First National Bank.

The old time low rate to Galveston is coming back. Agent Barker reports that for the July 4th events the Katy will give extremely low round trip rates to Galveston. This is about \$11.00 from Stamford. The trip will give one a full day in Galveston and for the one who has never been there it will afford a fairly cheap outing.

When the roads begin to put on such low rates for Sundays and special holidays, they will begin to compete with the automobile.

TWENTY YEARS AGO  
(June 23, 1950)

Hamlin and Jones County were entering into the last stages of grain harvest this week and final estimates of the yield for the section reveal that approximately 315,000 bushels of wheat were harvested for the Hamlin sector.

These figures include wheat shipped and that stored at local elevators as well as that which was retained in barns as seed storage.

Latest figures received prior to press time indicate that total yield of oats will reach about 55,000 bushels and barley will total in the neighborhood of 10,000 bushels.

Harvest of the grains was generally spotty with some patches producing bumper crops and others falling far below original estimates.

Over all average yield for the section was estimated by those experienced in production as being approximately nine bushels to the acre.

Growers are viewing the possibilities of row crops such as maize with the greatest optimism in many years.

Some sections of the county already are showing evidence of heading of maize and rains such as that of Wednesday night if received generally, will assure a bumper yield.

Postal Inspector Huser made a clerical inspection of the Hamlin post office last week.

Huser warned Postmaster Perry Sparks that he was in for a great deal of grief with the installation of city delivery service here in July.

Robert A. Cary, seaman apprentice, United States Navy, of Hamlin is serving in the flag of the Commander of Naval Forces, Far East, with headquarters in Tokyo, Japan, according to reports received by the Herald Tuesday.

Cary, who recently arrived in Japan, is assigned duties in the Personnel Office.

TEN YEARS AGO  
(June 23, 1960)

Final plans are taking shape for the dedication and ribboncutting ceremonies of the new Farm-to-Market Road between Old Glory and Hamlin. The program will start at 11:30 on Thursday, June 30, and will be held at the new bridge spanning the Double Mountain Fork of the Brazos River.

Jake Roberts, District Highway Engineer of Abilene, will be the main speaker. It was previously announced that Hal Woodard, State Highway Commissioner would speak, but due to a conflict in dates, he will be unable to attend. H. G. Andrews, Jones County Judge, will introduce Roberts.

The citizens in the Old Glory and Sagerton area have been sent invitations to the dedication and barbecue dinner sponsored by the retail trade committee of the Hamlin Board of Community Development. A good response to the invitation is being received by the BCD office.

The bridge, one of the largest in the Central West Texas area is located about 12 miles northeast of Hamlin. The structure was built 110 feet above the water at the main span and 550 feet long at a cost of more than \$160,000.

The road, with the bridge which crosses the Brazos, will give the people of Old Glory a much shorter route to Hamlin. The road is paved from Hamlin north, beginning just past the Oil Mill and extends 18 miles to Old Glory.

The Hamlin Jaycee Tennis Tournament will get underway at 8:30 a.m. Friday when boys and girls doubles and singles are scheduled for 11-18 age group.

Men's and women's open, singles and doubles, are set for 5 p.m. Friday.

Twelve trophies will be given in the two meets which will be held at Hamlin High School Tennis Courts.

Run-offs will be played on Saturday.

Neinda Philosopher Comes Up With A Solution  
More Or Less For the Troubles of Big Cities

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One takes another look at the problems of big cities this week.

Dear editor:  
According to an article I read in a newspaper last night which I'd pulled off the side of my tractor earlier in the day after it was blown there by a warm summer breeze — I've always said if you leave a tractor standing in one spot long enough it'll pay off, how many newspapers have you seen a moving tractor catch? — the mayors of most of the big cities of the nation met in a convention the other day and nearly every one of them reported the same thing: they're out of money.

"The cities are simply out of cash," they said, "and if we don't get help we face bankruptcy."

The answer, they said, was for Washington to spend less on the military, big highways and farm subsidies and give

the difference to the cities.

Since Washington knows all cities want military protection, that every one of them wants more highways leading into them, and that farm subsidies are being cut anyway, the answer may not lie with Washington. The mayors, in fact, are behind the times. They do not see the trend of civilization.

I'll explain. When the first glimmering upsurge of civilization in this country began, a man in trouble had to look mostly to himself. Then as more people moved in he could look to his neighbor, then to the court house, then to the state capitol, and finally to Washington.

Now everybody is looking to Washington so much Washington has to look the other way.

But which way? Obviously what Washington needs is some place definite to look itself, and right there is where I have a solution to offer.

What everybody needs is a

world capitol where we all can look when we're out of money. The mayors ought to realize that when their citizens turn to them and they turn to Washington, Washington's got to have some place to turn also.

I don't know where to put this world capitol, probably on some island as we sure don't want it around here. Not in Hamlin. How would you feel if all the big city mayors threw up their hands and said the job was too big for them and Washington has got to help, and Washington in turn threw up its hands and said it was too big for it and it guessed it would have to look to Hamlin?

Yours faithfully,  
J. A.

Mrs. Helen Hargis and her son Terry of Carlsbad, N. Mex., and her son Larry and wife, Ginger of Oklahoma City, Okla., spent Father's Day with her parents, Mr. and Mrs. F. F. Shout.

Dad's steady influence is needed for . . .

LIFE'S OBSTACLES

We can easily see physical obstacles such as logs, boulders, and many other things that may be too difficult for our children to handle, but things that are not physical are not always so obvious. A young child needs help from his parents in spiritual matters too. The church can be an influence on children's lives, but when you, a parent, are taking part in church worship, you can be an even greater influence. Give your children, the leaders of the future, a hand now when they need it most. Take them to church regularly . . . and you too, will have a fuller and better life.

ATTEND CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

20-POUND YELLOW CAT—Gene Wall and Ronnie Holden display their prize catch, a 20-pound yellow cat taken from a trotline at South Lake last Wednesday. They were using perch for bait.

AUSTIN — A massive emigration from the state capitol followed by a major overhaul and interior remodeling of the historic building, is about to get underway.

Unfortunately, the big reshuffle will take place at the peak of the tourist season, so visitors may be dodging carpenters, painters and movers for awhile.

Soon after July 1, the new \$6.6 million State Finance Building will be ready for occupancy. Employees of the State Treasurer and Comptroller will move immediately from their capitol quarters into the state's largest office facility.

As the finance departments vacate their space in the capitol, remodeling contractors will move in to re-do their quarters.

Between late July and next January when the Legislature convenes, office space for all 150 state representatives, enlarged quarters for many state senators and new committee hopefully will have been built into the vacated space.

A \$1.5 million appropriation was set aside by the Legislature last year for the renovation and a new elevator already is being drilled through the northern end of the capitol.

A painting contractor also is at work on the Senate chamber (a \$32,850 face-lifting job), and approximately \$40,000 more will be spent on 1,200 yards of new green carpet for the senators' floor.

A model committee room is among the Senate's plans. It will include a raised dais for members, individual microphones and theater seating. Senators expect to gain two or three other committee rooms.

Those who will stay in the capitol aren't too happy about the branch postoffice moving to the new finance building, but they are assured removal of a lot of temporary, makeshift structures in hallways will restore much of the old building's original basic architecture and dignity.

**PENAL LAWS BEING REVISED** — Texas' 1856 "frontier" penal code is being rewritten by a State Bar Committee for submission to the Legislature.

Major overhaul would eliminate duplicate articles

covering the same crime and overlaps.

Proposals further seek to weed out so-called "unenforceable" laws including those against sexual acts between consenting adults. A strong new paternity law is recommended to identify fathers of illegitimate children and make them responsible for financial support.

Bar's draft would leave sentencing of convicted persons to judges instead of juries in cases where the death penalty is involved. But it would permit judges to refuse to impose the death penalty through assessed jurors.

Instead of general sentences for crimes, the revision would substitute four degrees of felony and three of misdemeanors, leaving prison terms to be fixed according to the specific nature of the offense and circumstances.

Code redraft also would make corporations criminally liable (as in pollution cases), establish a general trespass article (covering such offenses as college disruption) and define prohibited conduct short of completed crime.

University of Texas Law School Dean Page Keeton said the code, if adopted, would be the "best in the nation."

**GALVESTON PARK BOUGHT** — State closed its deal to buy the 1,781-acre Maco Stewart Island Ranch on Galveston Island for a seashore park, paying \$890,875 (half to be reimbursed by the federal government).

Actually, Maco Stewart Jr. willed the land to the state in 1950 pending continued use by his heirs for their lifetimes. Parks and Wildlife Commission agreed to pay three heirs \$500 an acre so

full title could be obtained immediately.

First development will be on the Gulf beach side, although no date has been set for opening. Galveston County clerk's office will conduct purchasing details.

**COURTS SPEAK** — U. S. Supreme Court has held in a Maryland case that voting in state and local elections cannot be denied persons living on federal installations. Secretary of State Martin Dies Jr.'s office says the ruling will effect some areas of Texas.

Atty. Gen. Crawford Martin plans to appeal the decision of U. S. District Judge Reynaldo Garza in Brownsville, taking jurisdiction of Platoro Ltd.'s case demanding the state return the treasure it recovered from an ancient Padre Island shipwreck. Garza accepted the

suit as a salvage case.

Federal jury in Abilene found that the Abilene School Board did not act arbitrarily in giving unexcused absences to 300 Mexican-American pupils who boycotted classes for 10 days last fall.

**NURSING HOME RULES TOLD** — Public Welfare Department sent 800 to 900 nursing homes regulations implementing new rates they can collect from the state and federal government and supplements collectible from the patient's families.

"Skilled" care homes will get a raise from \$360 to \$381 a month, with no supplement. Intermediate Care III facilities will be cut from \$300 to \$294 and ICF II homes from \$210 to \$198, but the latter two groups can collect family supplements of \$25 a patient.

Welfare Department served notice, however, that it will

not serve as a collection agency, and homes cannot deny care to any patient for lack of a supplement. Supplement cannot be collected from patient's assistance checks.

#### SHORT SNORTS

State Health Department will operate two mobile dentist's offices for poor.

Attorney General Martin has held that school districts

must pay tuition fees for pupils sent to another district for training in a 12-grade school system where higher-grade training is not available in the home district.

Texas Highway Department reports some \$53.8 million worth of work on U. S. Highway 281 underway, programmed or in advance planning.

## DARRELL CRAIG TO SPEND SIX WEEKS IN EUROPE WITH LEAGUE

Darrell Craig, Hamlin High School senior, will leave Monday evening from Dallas for a six-week tour of Europe.

He will join five students from Stamford, their adult sponsors, and some 22 students from Cooper High School and three sponsors from Abilene on the five country tour.

The group which arranged the trip through the Foreign Study League will travel to Rome, Italy; Kuchl (Salzburg), Austria; Paris, France; Rotterdam, The Netherlands; and London, England. Four hours each week day will be devoted to the study of foreign governments, cultures and Latin.

In the group are Debbie Tucker of Abilene, a former Hamlin resident, and James McKinley of Stamford, a nephew of Mrs. W. W. Wallace. Darrell is the son of Mr. and Mrs. Bob Craig.

The group will return Aug. 12 to Dallas.

## Texas Teachers to Receive Pay Raises Averaging About \$1,050; To Work Additional 15 Days

AUSTIN — Texas public school teachers — those on the state minimum salary schedule — will receive pay raises averaging about \$1,050 per year in 1970-71.

Students will go to school — and teachers will teach — an extra five days (180 days instead of 175). In addition, teachers will be on duty for 10 more days of non-teaching work during the year, and will be paid on a 10-month basis, instead of nine.

These changes in the school year and the basis for figuring teacher pay result from amendments to the minimum foundation program law passed in 1969 by the Legislature.

Under the minimum program, a beginning bachelor's degree teacher in 1969-70 was paid \$593 per month for nine months, or \$5,337 for the year. In 1970-71, a beginning bachelor's degree teacher will receive \$600 per month for 10 months, or \$6,000 for the year.

Many Texas school systems pay their teachers more than the state-required minimum salaries.

Texas was ranked 38th among states in average teacher pay in 1969-70. The 1970 raises and a long-range improvement plan are expected to move Texas up to a more favorable position among states in the years ahead.

The new law puts into effect in 1971-72 a continuing compensation plan which will give Texas teachers an additional five percent raise each year and cost-of-living raises in 1974 and 1978. It

will allow all Texas teachers to reach the top of the pay schedule — \$11,040 for bachelor's degree, and \$12,040 for master's degree teachers — within 10 years of service.

The new law has left many people — teachers as well as school patrons — with questions about its work and pay aspects.

The State Board of Education has attempted to answer such questions by drafting an official definition of the 180-day school term and service requirements for teachers in 1970-71 and future years.

Basically, the state board says that beginning on September 1, 1970:

— Texas public schools will have 180 days of actual classroom instruction, (where teachers and students are together in learning situations) instead of the 175 days previously required under foundation program law. (Some schools had already been operating programs longer than the minimum.)

— Most Texas teachers will be paid on a 10-month basis. (Vocational and special education teachers may be paid for 10, 11, or 12 months).

— In addition to the 180 days of classroom instruction teachers and other personnel previously authorized for less than 10 months under the foundation program shall be required to be on duty for an additional 10 days, making a total of 190 days, exclusive of holidays approved by the local board of trustees.

— School districts may employ teachers for more than

# Jeanie Ferguson One of Three County Youth To Attend Citizenship Seminar In Waco July 28-31

Three High School students from Jones County will travel by chartered bus Tuesday July 28, to Baylor University in Waco where they will attend a Citizenship Seminar July 28-31 conducted by the

Texas Farm Bureau. They are Annette Jensen, daughter of Mr. and Mrs. W. L. Jensen of Avoca, Jeannie Ferguson, daughter of Mr. and Mrs. S. C. Ferguson of Hamlin, and Keith Byers, son of Mr. and Mrs. Charles Byers of Noodle.

The Jones County Farm Bureau is sponsoring the local students at the four-day training school. Some 457 students from 156 counties across the state are expected to attend the session.

Four outstanding, nationally-known lectures will address the Waco training school, according to Joe Howle

of Hawley, president of the Jones County Farm Bureau. They are Dr. Clifton L. Ganus, Jr., president of Harding College, Searcy, Ark.; Dr. C. L. Kay, vice president of public affairs for Lubbock Christian College, Lubbock; John Noble, Muncy, Pa., author of "I Was a Slave in Russia;" and W. Cleon Skousen, Salt Lake City, Utah, author, lawyer, educator, and former FBI agent.

In addition, a young former narcotics addict and ex-convict will relate the tragic story of his life as an addict and criminal. He is Richard Perigo of Dallas, who is associated with HIP (Help Is Possible), an organization dedicated to the prevention of delinquency and drug abuse among teenagers.

Purpose of the seminar is to give the student a better understanding of the American system and way of life. Emphasis will be placed on the economic, moral, and social aspects of the American society. Instruction will consist of lectures, films, and panel discussions.

## North Central Youth to Attend Evangelism Meet

The youth of North Central Baptist Church are planning to attend the Texas Baptist Youth Evangelism Conference in Fort Worth July 2 and 3. To raise money for the trip they are having a car wash and bake sale Saturday.

At 9 a.m. Saturday the cake sale will begin in front of McDonald's Store and the car wash will be held at Wilcox Car Wash.

The price of the car wash will be \$2 per car which will include pick up and delivery if desired.

## School On Short Phone Schedule

Only two telephone numbers are in operation at the high school building during the summer, according to the business office personnel.

The number of the office of the superintendent is 576-3322 and the office of the principal is 576-3625. All other telephone numbers are disconnected.

Mr. and Mrs. Lencho Morales Jr. are parents of a girl, Nancy, born June 19 at 1:20 p.m. She weighed 7 lbs. 14 oz.

## What's right about America?

Today, the surest means of a book becoming a best seller is for the author to highlight and denounce bitterly the faults of this country. The same can be said of television and the movies, which prefer in these modern days to depict the seamier side of life in America.

But there's hope. As I have moved across this state, I have sensed that our people are growing weary of gloom. It's becoming easier to strike up a conversation on what's right about America.

I always suggest that there are a lot more level heads in this country than we are sometimes led to believe. There are a lot more decent, law-abiding citizens than there are criminals and cheats and sharks. There are a lot more young people in the "now" generation who want to improve America than the handful of radicals who want to burn it to ashes and start all over.

I can understand why the "majority" has broken its "silence." There's a growing impatience with agitation and controversy. But I feel we should continue to approach our nation's problems with a cool head and an open mind. I've listened to the voices of dissent. I think I know what they're asking of their government.

One thing they want is confidence. They want the assurance that their public officials have the courage to meet the issues of the 1970s with imagination and integrity, and not with some form of "old politics" that thrashes around with problems but never quite locates the workable solutions. It was my desire to answer this urgent need that prompted me in January to seek the office of United States Senator.
